EDUCATION

Bachelor of Science in Biochemistry, Pre-Medicine, Anticipated May 20xx

The University of Kansas, Lawrence, KS

- GPA: 3.75; Dean's List, 20xx-20xx
- Research Experience Certificate

Study Abroad, eight-week program, 95 hours of shadowing, Summer 20xx

Hospital Universitario de Guadalajara, Guadalajara, Spain

- Completed coursework in neuroscience, medicinal chemistry, anatomy and Spanish
- Shadowed doctors in family medicine, pediatrics, urology and surgery, gaining knowledge of global healthcare and advanced Spanish skills
- Taught English language classes to medical professionals twice a week, engaging students through group activities and discussions
- Volunteered at the hospital, setting up charts for the charge nurse, checking equipment and preparing rooms for patients

RESEARCH

Research Assistant/Independent Study, Dr. Chris Haladale, June 20xx-Present

The University of Kansas – Department of Biochemistry, Lawrence, KS

- Collaborate with a team of undergraduate and graduate research assistants under supervision of a faculty member to explore membrane protein folding through protein design, bioinformatics, and molecular biology for cancer therapeutics, vaccine development and environmental applications

RELEVANT EXPERIENCE

Biological Sciences Tutor, Academic Achievement and Access Center, August 20xx-Present

The University of Kansas, Lawrence, KS

- Tutor five undergraduate students weekly in biology classes including Introduction to Biology, Genetics, and Animal Physiology

Clinical Observation, Dr. Anna Bloom, Pediatrician, December 20xx-May 20xx

Sheridan-Riley Clinic, DeSoto, KS

- Acquired 85 observation hours in different healthcare environments: office, hospital, and community gaining insight into the healthcare work environment and day-to-day operations
- Attended pre-operative hospital visits, assisted during well-baby check-ups and observed same day sick appointments with pediatrician
- Learned about the diagnostic process and patient counseling by taking patient histories, explaining procedures to a patient, and effectively engaging with patients and families

Receptionist, Departments of Physical, Occupational, and Speech Therapies, August 20xx-May 20xx

Children's Mercy, Kansas City, MO

- Scheduled 30+ appointments daily and referred patients to appropriate offices
- Collected insurance information to provide accurate verification of benefits

LEADERSHIP

President, The University of Kansas Pre-Medical Society, August 20xx-Present

- Collaborate with four officers to plan community service projects and guest speaker events for 120+ society members; increased member engagement by 22% from previous year by implementing programs based on confirmed student interest
- Facilitate monthly meetings and manage the organization's \$5,000 budget
- Recruit new students through targeted email campaigns and tabling on campus; grew membership by 20% in 20xx
